**LETTER OF WITHDRAWAL**  
**DATE OF LOSS: 08/20/2022**  
**OUR FILE # 254458**  
**STATUTE OF LIMITATION DEADLINE: 08/20/2024**

Re: ***Date of Incident: August 20, 2022***

Dear Ms. Ambriz:

Please accept this letter as formal notice to you that we have closed our file and ceased our work on your claim. Effective as of the date of this letter, there is no longer any attorney-client relationship between you and Ramos Law, and you are hereby advised that you will be solely responsible to either attend diligently to all matters necessary for the prosecution of your case or obtain new counsel to ensure that your rights are fully protected and vindicated as the circumstances may require. Per your request, we are enclosing a copy of your file.

We are closing your file because we were unable to identify a party that was at fault for your son's death. State Farm Insurance Company, the company insuring the driver who hit your son, is denying liability.

Because your claim arises out of a death from an automobile accident, the statute of limitations is two (2) years from the date of the accident. This means, you have until August 20, 2024, to either settle your claim with the appropriate insurance company or file a lawsuit against the at-fault driver. Failure to do either will forfeit your right to recover damages.

We appreciate that you considered Ramos Law in connection with your case. We wish you all the best and thank you for giving us the opportunity to help you. We hope that if you have a need for future representation, you will call us.

Thank you,

Marianne Garrison  
Attorney
